Featured item: Lot 141  
Motor Industries Limited Stirling Hot Air Engine

Our November auction offers another great mix of toys and collectables.

In trains we have more **Australian HO** this month, as well as a good selection of English and European HO & OO, including buildings and scenic items. There is also plenty of **O-gauge**, notably some Australian items and the rare American Flyer Minnehaha locomotives (in both clockwork and electric versions). And there is an unusually large range for the **N-gauge** collectors.

For the ship builders, we have another excellent collection of **boat and ship kits**, most of them never out of their boxes, complete and ready to build. We have a small selection of **hot air engines** and steam accessories, notably the two superb Stirling engines from Motor Industries Limited. There's more **Meccano**, including sets and some unusual pieces; also construction sets from other manufacturers. And the car collectors haven't been forgotten, with a good range of **diecast cars** from leading manufacturers, also some tin and plastic models.

The auction starts at 6:00pm next Monday, November 5th, at our Auction Rooms in

Lawson. All are welcome to attend. There is plenty of parking and refreshments are available. If you can't join us in person, you can bid live online at [invaluable.com](http://invaluable.com), or send us absentee bids before the auction.

The lots can be viewed at the Auction Rooms next Saturday from 10:00am to 4:00pm, and on the auction day from 3:00pm.

If you have any questions, please call us on (02) 4787 7974 or send us an email.

## THIS MONTH'S NEWS FROM TPA

### Forthcoming auctions

The year is quickly getting away from us, but we will have two more auctions before Christmas. The first will be in mid-November and we have yet to decide whether it will be one of our "quiet" auctions or a regular bells-and-whistles version. We'll make up our minds soon and be in touch with details. The second auction before Christmas will be our last for 2018, the First Monday Toy Auction on December 3rd. So you have plenty of opportunities to do some Christmas shopping at our auctions.

And don't forget the ongoing Rolling Auctions. A large group of planes closed recently in our Rolling Plane Auction, and lots of them flew away to new homes, but there are still plenty left, so check them out. While you're there, also check out the amazing bargains in the Rolling Book Auction.

### Blackheath's annual bash

It's that time of year again and Blackheath will be holding its **Rhododendron Festival** next Saturday, November 3rd. The festivities include stalls, rides, entertainment, and the Grand Parade – the oldest regular street parade in Australia! And of course parks and gardens full of beautiful flowers. It's a great day out for the whole family, with plenty of activities for everyone to enjoy. Visit [rhodofestival.com](http://rhodofestival.com) for full details.

While you're in Blackheath, you must of course visit Trains, Planes & Automobiles. We will be open on both Saturday and Sunday, and we'd love to see you. And remember, it's auction viewing at Lawson on Saturday, so why not make a day of it in the Beautiful Blue Mountains?
