Hornby 3½"-gauge Stephenson's Rocket

This month we have a great mix of trains, cars, toys and collectables.

In trains we have HO/OO-gauge and O-gauge locomotives, wagons, coaches, buildings, power & control, figures, track, accessories and parts.

In vehicles we have models from 1:87 scale up to 1:18 scale, including a range of Ferraris in various sizes.

We also have aircraft, boats & ships, another selection of the popular Jim Beam whiskey decanters, some lovely cast iron toys, tinsplate toys, plastic toys, and lots of books.

The auction starts at 6:00pm next Monday, March 6th, in our Auction Rooms at The Gearin in Katoomba. All are welcome to attend. There is plenty of parking and refreshments are available.

If you can't join us in person, you can participate by sending us absentee bids before the auction, or bidding live online at invaluable.com. Telephone bidding is also available by prior arrangement on lots starting at \$200 or more.

The lots can be viewed in our Auction Rooms on Saturday 4th, Sunday 5th and Monday 6th March, from 10:00am to 4:00pm.

If you have any questions, please call us on (02) 4787 7974 or send us an email.

THIS MONTH'S NEWS FROM TPA

Our news department is having a break at the moment, so we have nothing to report, but we do have **Keith's Trivia...**

1. What was Sir Thomas Bouch most famous for?
2. What was the name of the plane that Kingsford Smith disappeared in?
3. Who manufactured the majority of the engines used in the military version of the Austin Champ?
4. What was Captain Cook's Bark "Endeavour" called before being named "Endeavour"?

Answers to last month's questions:

1. The Southern Railway "Schools Class" locomotives were also designated "V-Class".
2. The Avro Ashton aeroplanes had either 4 or 6 engines.
3. The Purvis Eureka motor car was designed by Allan Purvis. They were made in Dandenong, Victoria, and some later in New Zealand.
4. The first nuclear-powered marine craft was the submarine USS "Nautilus", built in 1955.
