THIS MONTH'S NEWS FROM TPA

Sydney Model Railway Exhibition

As we do every year, we will be attending the big **AMRA exhibition** in Liverpool, Sydney, over the October long weekend (Saturday 3rd to Monday 5th October). We will have a selection of model railway items on sale, including garden railway products from **The Gauge One Gallery**. We will also be promoting our monthly auctions, so please drop by and have a chat to us about buying or selling. You can find us at **Stand No. 51** and we'd love to see you. For full exhibition details see www.amransw.asn.au/exhibition.

October Auction

We don't usually hold an auction in October because of our commitments at the AMRA exhibition. However, this year we have decided to go ahead with an October auction, since we have so many models, toys and collectables looking for new homes. The October auction will be held one week later than normal, on the **second Monday** of the month, October 12th. You can look forward to some lovely **Australian HO**, lots of **diecast cars**, a superb collection of **Trix Twin** and a some excellent **N-gauge** locos and wagons. But wait, there's more...

October Fire (Engine) Sale

We haven't had one of these for a while, but we have recently acquired a huge collection of model fire engines manufactured by **Code 3 Collectables**, so we will be including a selection of these beautiful models in our October auction, along with other fire and emergency memorabilia. There are far too many for one auction, so you will see more appearing in coming months. Keep an eye on our Auction Preview page for a taste of what's to come.

Ramsay's Price Guides

As we mentioned a few months ago, the new 15th Edition of **Ramsay's British Diecast Catalogue** is now out and available from Trains, Planes & Automobiles. For over 20 years, this catalogue has been an indispensable reference for collectors of diecast vehicles & figures. We have also obtained copies of the new 8th Edition of **Ramsay's British Model Trains Catalogue**, which of course is an indispensable reference for collectors of model trains. We have plenty of stock at the moment, but don't leave it too long or you may miss out. You can order either of these guides from our Online Store, or give us a call on (02) 4787 7974.

Model Train Layouts For Sale

We have received from a private collector a beautiful **N-gauge Layout** equipped with **Fleischmann** track and set up for **DCC** running. This is a complete, ready-to-run layout in excellent condition. Full details will be available on our website in the next week. We have also received an elaborate **HO Fleischmann layout**, which has no scenery but includes about 40 locomotives and an equivalent amount of rolling stock. If you would like more information about either of these layouts, call us on (02) 4787 7974.

New O-gauge from ACE Trains

We are about to receive one of our regular shipments from **ACE Trains in the UK**. This shipment includes the **E/22 GWR City 4-4-0 Loco**, **C/18 LMS Stanier Coach Sets**, and **C/20 "Coronation Scot" Coach Sets**. No doubt these models will be superbly manufactured and beautifully detailed, to the high standards we have come to expect from ACE. We are taking pre-orders now and we must remind you once again to **get in quick**, because ACE models always sell out fast and most of these will be sold before they hit our shores. Give us a call on (02) 4787 7974 to place your order.

We hope you enjoy our regular newsletters and find them informative. Any time you're in the Blue Mountains, come and see us at our Blackheath shop. We're usually closed on Tuesdays and Wednesdays, but open all the rest of the week. You can also visit us at our Annandale shop, which is open on Saturdays. We're always happy to see you, so please drop in any time you can.
